● **School Violence Awareness Week:** Glen Rock High School is continually working to keep schools safe from violence, to consider school safety and security plans, and to learn how to recognize students in need of help. This year, the GRHS/GRMS School Safety Team will be working hard to conduct surveys and assessments for our parents and students that are designed to gauge the current school climate. These efforts will help to make positive improvement in our schools, as well as address current concerns. Below are a few resources designed to help keep schools safe and secure.
