September 29, 2020

Dear Glen Rock Parents/Guardians,

Each year, the New Jersey Department of Education (NJDOE) requires that New Jersey school districts, charter schools, and renaissance school projects notify parents or guardians by October 1 of any statewide student assessment or commercially developed standardized assessment that will be administered over the course of the school year.

While we are awaiting further guidance from the NJDOE, all districts have been instructed to prepare for the implementation of NJSLA in the Spring of 2021. Please access [this chart](#) to review the following information:

- the subject area of the assessment
- the grade levels covered by the assessment
- the date or range of potential dates for administration of the assessment
- the time allotted for students to take and complete the assessment
- the date range for the availability of students' results
-

In addition, you may be interested in learning more about:

- [any accommodations or accessibility options available to students](#)
- the [NJSLA Parent Portal](#), the [NJDOE Digital Item Library](#), and/or [test-specific information and reporting guides](#)

I recognize that there are many unanswered questions about the implementation of standardized testing with regard to both our hybrid and remote learning formats. Please be assured that I will communicate out additional details regarding this testing as the NJDOE disseminates updates. As a note, all of the NJDOE links provided in this document are the most up-to-date versions available. If you have any questions or concerns, feel free to contact me directly.

Best regards,

Michelle Giurlando, Director of Student Personnel Services
